6. WEBSITE + FUNNEL (Where money is made)

Landing Page Should Be Structure:

Section 1: Bold Headline

“Your child deserves more than marks.”

Section 2: Problem

- Traditional education flaws

Section 3: Your Solution

- Confidence
- Communication
- Leadership

Section 4: Proof

- Testimonials
- Student videos

Section 5: CTA

"Book a Campus Visit"

---

7. CUSTOMER RESEARCH SYSTEM

Need To Do THIS immediately:

Interview 10 parents:

Ask:

- "What do you worry about most for your child?"
- "Why did you choose your current school?"
- "What do you feel schools are missing?"

Use their exact words in ads.

---

8. LAUNCH STRATEGY (Repositioning or Growth Push)

Phase 1: Disrupt (2 weeks)

- "Education is broken"
- Problem-heavy content

Phase 2: Introduce Conroy

- Your philosophy
- Founder story

Phase 3: Proof

- Results
- Testimonials

Phase 4: Urgency

- "Limited admissions"

---

9. COMPETITOR STRATEGY

What competitors do:

- Talk about infrastructure
- Talk about results (marks)

What We Need To Do:

- Talk about **outcomes + identity**

You're not competing on fees or buildings
You're competing on **future success**

---

10. CONTENT THAT WILL GO VIRAL (Use These)

- "Top students often fail in real life. Here's why."
- "Confidence matters more than marks"
- "This is what schools don't teach"
- "Parents are focusing on the wrong thing"

---

11. ORGANIC vs PAID (Balance)

- Organic = Trust + Brand
- Paid = Leads + Scale

If you only run ads → low trust
If you only post → slow growth

You need both.

FINAL TRUTH (Most Important Insight)

Parents don't buy:

- Curriculum
- Facilities

They buy:
A better future for their child

If your marketing doesn't make them *feel that*, it won't convert.
